Full Immersion Language Learning App

K - 12 levels with games, quizzes, flash cards and stories. This full immersion app covers words and conversations for learners to enjoy.

Universal Language App

The Universal Language App includes 800 words, phrases and within 26 categories, and flash cards. Give your language learners the resources

Suite of 3 Language Apps

This Suite of 3 Apps includes our popular *Universal Language App*, our *Storybook App* and a *Learning Game App* with matching and challenging object find games. Expand your digital learning tools with the Suite of 3 Language Apps.
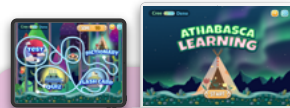

Keyboard & Font Package

Teachers and students can now write and create content in your Tribal language. We will create a custom keyboard and font package that can be installed on both Windows and Mac computers. Your special fonts are created for your specific language group and dialects.

Virtual Reality Language App

Your Tribal language in Virtual Reality from a historical perspective. Formally our Virtual Village App for Oculus. This app includes 4 scenes with 3D characters in traditional clothing, dialogue and player movement. A great app for narration and immersive storytelling.

Language Storybook App

Read to Me Storybook highlights the words as they are read aloud. The Storybook can contain animations, drag and drop games, puzzles and flash cards. This Storybook App is a great tool for young children as they learn to speak the language.

Single Device iPhone/Android

This app is our standard language app for a single device. You can choose the Apple iOS, Android or web platforms. The app can also be expanded to include maps, flash cards, and sideshow stories. A great way to build up your language resources over time.

5 Day Staff App Training

5 Days of on-site or virtual Language App Development Staff Training. This training will ensure you can update your apps, add words, phrases and more audio to your Language App.
